PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Pahokee Lions Hear Paul Rardin Tell Of Tax Expenditures

"Tax Money—How It Is Spent," was the topic discussed at Tuesday's meeting of the Pahokee Lions club by County Commissioner Chairman Paul Rardin. The speaker was introduced by Lion Mike Sanders who pointed out that for the second time since Palm Beach county was formed in 1909 a board chairman had been named from the Glades section on Jan. 2, 1951 when Chairman Rardin was unanimously elected to head the board for the year.

In discussing tax money expenditures, Chairman Rardin said that for the first time in seven years the tax millage as set by the county commission has been lowered for 1951-52. Though a very small amount, the speaker said, it pointed the way to greater reductions in future years, instead of continuing the upward trend.

However, the Pahokee taxpayer will note no reduction in his tax bill, but, instead will see an increase since Pahokee hospital board members have deemed it necessary to raise the hospital millage from 7.50 mills up to the limit allowed by law—10 mills. In the Belle Glade hospital district the millage has been decreased from 7.75 mills to 7.50 mills for the ensuing year.

Telling the Lions that a vast amount of taxpayers' money goes for county welfare work, Chairman Rardin said that nearly half a million dollars is spent annually for care of old folks, operating county homes for the aged, children's home for both white and colored, county hospital, grocery orders to the indigent and hospitalization of county patients.

With reactivation of Morrison Field it has become necessary to move many county operations from the field, the speaker said. A new county barn will be built on Congress avenue in West Palm Beach, a county nurses' home will be erected at the county hospital, nearly \$100,000 will be expended in remodeling the court house for ever increasing business which must be handled by county officials, a storage building to house 142 automatic voting machines will be built during the coming year.

Naming only a few of many expenditures made by the county commission, Chairman Rardin said that elections alone will cost the county \$15,000 next year while sanity inquests and expense attached thereto will run up to \$20,000. Anti-TB work in the county will cost the taxpayers directly \$36,000 while the state will add many more thousands to that amount. The County Health Unit in its great preventive medicine program throughout the county will use another \$63,000 while the state health department will match a large amount of this money.

Naming one service—that of the Veterans' Council—as outstanding among county activities the speaker said that this appropriation was put in the budget with the exact figures that the committee had asked. No change

4-H Girls Return From Summer Camp

Representatives of the Canal Point 4-H Girls Club who attended the 4-H camp at Camp McQuarrie last week are Donna Lee Uptegrove, Beth Smith and Evangeline Tillman. The camp which is located near Ocala was attended by 40 4-H girls from Palm Beach county.

Burdine's Offers New Services For Glades Shoppers

Burdine's, West Palm Beach, always on the alert for new ways to better serve their many customers, announce the appointment of Mrs. Howard Payne (the former Joy Lou Bailey) as Your Personal Shopper in the Lake Area. When you can't find what you are looking for in your local stores . . . just reach for your telephone, call Belle Glade 2020, ask for Joy and all the resources of Burdine's are available to you.

Joy has been trained in the Burdine tradition, having been employed in the Display Department of the Miami Store and later acting as Advertising and Fashion Coordinator in the Ft. Lauderdale Store. In addition to being a long-time resident of the Lake Area with a good understanding of what people in this important part of the state need, she is completely familiar with Burdine's, West Palm Beach store.

To further expedite your shopping, Burdine's will make daily deliveries to Belle Glade, Pahokee and Canal Point . . . deliveries to Clewiston, South Bay and Lake Harbor will be made twice weekly on Wednesdays and Fridays.

Rainfall Little Ahead Of Average

There has been a lot of conversation about the rainfall during the past 60 days, so The Everglades News is presenting herewith the official figures.

Average rainfall in July for the four stations of the drainage districts in the Canal Point and Pahokee area amounted to 10.88 inches. Normal rainfall for the same month is 7.11 inches.

Total rainfall this year through July 31 has been 29.04 inches while normal rainfall for the same period is 31.11 inches.

According to the official records this section has received a little more than two inches of rainfall more than the normal amount during the first seven months of the year.

were made in it since all members of the board were of the opinion that work carried on by the committee was outstanding.

Grass Deal Grows As Cows Take Over More Glades Acres

H. L. Speer, assistant agricultural agent for the Glades, estimated that there are around 5,000 acres of undeveloped Glades lands going into cattle pastures this summer with a large acreage of land used for vegetable farming last winter and spring planted to pasture grasses.

St. Augustine is the most widely used grass with Pangola second. Cattle can be turned in on the St. Augustine grass three months after planting while it takes six months for Pangola to be ready for pasturage.

Speer said that approximately 10,000 acres of feed corn has been planted in the Glades this summer. Some tracts are as large as 700 acres and there are many 200 and 300 acre tracts. The corn was planted immediately after the spring vegetable crop and some of it is being harvested now. The peak of the crop will be ready for harvest in about two weeks, Speer said.

Corn harvesting machines are being widely used. Farmers say it is cheaper to buy a machine than to pay the prevailing high prices for day labor. This time of the year field labor is scarce as most of the migrant laborers follow the crops up through New York State.

For the first time cattlemen are trying to store their corn in large volumes. Many cattle owners have built large barns of arch-ribbed corrugated iron for storage. Some have installed drying systems with fuel oil burners used to operate huge blowers. The biggest corn growing problem is the dampness Summer rains make it almost impossible to dry the corn naturally. Some of the larger cattle producers have their own corn grinding mills.

In addition to the Big Joe variety of corn, many new hybrids are being tried. One of the old standby varieties is Tuxpan which has been used in the Glades for bean field windbreaks for 15 years.

Speer reports farm activity starting. Many of the farmers returning from vacations, are running down the weeds on their land and turning the soil. They will keep the land disced until it is time for planting.

Farmers are also planting seed beds of celery, pepper and eggplant. Plants from celery beds which were laid out in June will be ready to set by Sept. 1.

NEW PAY RAISES

TALLAHASSEE — Pay raises for state auditors were made this month at the start of the new financial year, the state payroll showed recently. Bryan Willis, head of the auditing department, increased the pay of his principal assistants by \$600 a year. A number of other auditors in the department received raises that brought the pay scale in the second bracket to a maximum of \$5400.

The Farm Bureau serves the modern farmer in the same manner the Merchants Association or Board of Trade serves the city business man.

Parsonage Is Getting Repairs, Decorations

Members of the Canal Point Methodist Woman's Society of Christian Service are having the parsonage repaired and redecorated in preparation for the arrival of the new pastor, the Rev. James R. Roy and family of Buchanan, W. Va., who will arrive in Canal Point September 1st. Members are financing the project with a series of bake sales.

Farmer Sisters In First Talent Spot

An avalanche of applause proclaimed the Farmer Sisters, Spiritual Singers, as first place winners in Malcolm Millar's Talent Scout Show, Tuesday Night at the Prince Theatre. The girls sang "Blessed Rock of ages", and offered "Lord Lead Me On" for the encore. Their close harmony captured the approval of the capacity crowd.

Second place went to Rita Faye Hurt and Wynell Gilla, the former garbed as a United States sailor and the latter as a 1920 belle. They offered a Charleston with plenty of fast stepping and comedy that brought roars of approval from the audience.

Jackie Sullivan came in for a nice share of applause in his offering of two numbers, accompanying himself on the guitar.

Carol Carpenter displayed extraordinary talent in her act. Her first offering was the "Warsaw Concerto" at the piano in which she displayed fine knowledge of the instrument. Her second offering was on the piano accordion that was a real hand-getter. Miss Carpenter has been playing the accordion but two months and displayed the talent of a veteran.

Lory Ann Rockwell, in a beautiful red Hula skirt, received a delightful round of applause for her rhythmic dance number in which she sprinkled some very difficult back bends and acrobatics. Miss Rockwell possesses grace, charm and personality which should be nourished for future use.

Twigg Phillips and Bill Lance opened the show as guest stars from Belle Glade. Their singing stent and guitar playing won them a fine round of applause.

Miss Glenda Dell, twelve-year-old musical marvel came up second and displayed pianistic ability which stamps her as a true artist on the instrument.

Malcolm Millar, master of ceremonies and director of the show announced there are two more weeks of eliminations and then the grand finals.

Vance Denton New Farm Machinery Mgr.

Vance Denton and his family have returned to Pahokee where they will make their home while Mr. Denton is connected with the Farm Machinery Corporation in Canal Point. Mr. Denton will soon take over management of the machine shop and be in charge while Mr. Hickerson is in and out and engaged in other business enterprises. The many friends of the young Dentons will be glad to welcome them back to the Lake Region.

Luke Jones Tells Pahokee Rotes Of Kenaf Production

Possibilities of growing kenaf in the Everglades was discussed last Thursday before Pahokee Rotarians by Luther Jones, Belle Glade publisher. Mr. Jones was introduced by Past President Claude Shirley who was in charge of the day's program.

The speaker said: "The only commercial kenaf fiber crop in continental United States is reported making good progress at Hillsboro plantation near Belle Glade despite heavy rainfall. About 400 acres has been planted there in the past month, with another 300 to be planted."

"Machinery for decorticating and 'ribbining' kenaf, imported from Italy, arrived in New York Thursday. It is being sent to the Everglades experiment station for testing, preliminary to putting it to work at Hillsboro. It has been used in kenaf processing in Italy and North Africa."

He distinguished between growing kenaf for its fibre for cloth and rope making, as Hillsboro is doing, and growing it for seed for federal stockpiling.

He estimated 2,700 acres of it is being grown in southeast Florida—mostly in Broward and Martin counties for seed alone under arrangements recently made with the federal government.

Those raising kenaf for seed should realize a "gross income" of \$225 to \$300 an acre, Jones said.

In kenaf, he sees the beginning of another major South Florida crop.

Beck Quits As City Atty. Belle Glade

Herbert D. Beck, Belle Glade attorney and former member of the state legislature from Palm Beach county who has served 19 years as City Attorney for Belle Glade, tendered his resignation last week. Attorney Beck pointed to increase of his private practice as reason for resigning.

Commenting upon his action, Mr. Beck said: "During the past 23 years, I have only had one real vacation, and my private practice in the past few years has increased so that I do not feel that I can do justice to it or to the city in retaining the position as City Attorney."

"I wish to express my appreciation for the co-operation which I have always received from the city council and other city officials."

Bill Jones Builds New Equipment Shed

W. H. (Bill) Jones recently purchased a lot from Fred Hickerson on the State Market Road not far from the Pahokee-Canal Point highway. He has started erection of a new building for a machine shop which he will use in connection with his farming. Just a few weeks ago he sold his interest in the S. M. Jones farm on Conner highway and will enter farming business alone.

News Notes From State Capital

TALLAHASSEE—Five state departments have joined in defense of the penalty feature of the overweight motor vehicle law, declared unconstitutional by Circuit Judge Claude Ogilvie in Jacksonville. Attorney General Ervin announced the decision will be thoroughly tested. Joining him in the enforcement program are the state road department, the railroad and public utilities commission, the highway patrol and the motor vehicle commission. The case arose when F. W. Darby, Jacksonville lumber dealer, was granted a temporary injunction against Sheriff H. Young blood of Nassau county, when Youngblood had seized a truck earlier and load of lumber. The dealer had refused to pay penalties \$356 for overloading his truck.

TALLAHASSEE—Governor Warren still has under consideration the request for a special session of the legislature to provide a \$300 cost of living annual raise for all public school teachers. The governor denied reports that he has decided not to call such a session. He said he had listened to the views of many, but had not reached a decision.

TALLAHASSEE—The state improvement commission gets the job of spending \$150,000 to modernize parts of the capitol used by the legislature, but there is a big question whether the money will stretch as far as legislative plans. The commission, headed by Walter E. Keyes of this city, will plan and supervise the construction, including installation of a private elevator for the wing used by the house of representatives enlarging and repairing air conditioning for the house chamber and committee rooms. Also, the former house and senate chambers outgrown some years ago when new wings were tacked onto the capitol, will be remodelled to provide permanent office space for lawmakers. In recent years, every senator has been given a private

office and the yen for privacy has spread to the house, which also is calling for private offices for its members and committee chairmen.

TALLAHASSEE—The supreme court of Florida has held that certificates of indebtedness to buy 111 voting machines must be approved by the voters to be legal. It reversed a Broward county court opinion holding that the county could borrow \$158,083 to buy the machines and pay back through a property tax. The high court said they are the same as bonds.

TALLAHASSEE—Three alleged Miami bookies were denied telephone service for one year each by the Florida Railroad and Public Utilities commission, following public hearings. Another Miami application for reinstatement of telephone service was denied. Three places in Tampa were given seven months without telephone service on suspicion of bolito activity. All telephones had been disconnected by local law enforcement officers and the subscribers arrested. Hearings on their applications to have the phones put back followed various court proceedings.

TALLAHASSEE—Attorney General Richard W. Ervin this week issued his opinion on the following general subjects:

MARRIAGE—Application for marriage license must be made within 30 days of the time of the blood test required by law.

JUVENILE—All counties must comply with the new juvenile court act.

ASSESSMENTS—County school property need not pay city paving assessments.

PHYSICIAN—Under the new nurse registration act, any licensed physician may endorse the application of a nurse for license.

SPEED TRAPS—Constable may enforce speed laws but must prove violation.

FIRE—Everglades fire control

THE GANG ALWAYS GOES OVERBOARD WHEN THE PROGRAM GOES FEMININE!

OKAY BOYS, LET'S SING IT ONCE MORE... LET ME CALL YOU SWEETHEART

regulations would control county waste burning.

JAILOR—County must pay for services of jailor to guard county prisoners.

TALLAHASSEE—Florida hotels, apartments, restaurants and motor court costing nearly 30 million dollars were started in the first half of 1951. Commissioner James T. Landon of the newly named Florida Hotel and Restaurant Commission reported that 853 construction jobs for this construction had been issued by his department and the former state hotel commission which he had headed. Three counties, Dade, Broward and Monroe, led with 460 of the new jobs, to cost nearly 20 million.

Herber B. Attaway, Jr., became Forestry Agent for the Atlantic Coast Line Railroad and will cooperate with the Forestry Department of various states traversed by the line, it was announced recently.

New Episcopal Pastor In Pahokee

The Rev. and Mrs. John C. Petrie and family of Hardan, Ky., have arrived in Pahokee where they are making their home at the rectory of the Episcopal Church. The Rev. Petrie has been named rector of the Holy Nativity Episcopal Church in Pahokee. Before coming to West Palm Beach, The Rev. Petrie served as supply pastor for several weeks for the Rev. Martin J. Bram at the Holy Trinity Church in West Palm Beach. The Rev. Petrie succeeds Father Ronald Latimer who will assume the duties of a curate in New Jersey after a month's vacation in New Mexico.

It Is Unlawful For Any Person Or Persons To Engage In Business Under A Fictitious Name Unless The Name Is Registered

The fictitious name statute was recently changed by the 1951 Legislature and the News has the necessary forms for proper registration and advertising.

The charge for advertising the notice the necessary four times is \$15.

As amended by the 1951 session, the law reads as follows:

"It shall be unlawful for any person or persons, as defined herein, to engage in business as herein defined, under a fictitious name as herein defined, without and unless said fictitious name shall be registered with the clerk of the circuit court of the county where the principal place of business is, which registration shall consist of filing with the clerk aforesaid an affidavit signed by all interested persons, stating under oath the names of all those interested in the business enterprise, the extent of the interest of each, and the fictitious name under which said business is carried on. Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."

Cinematic Chatter

By Malcolm Millar

George Pal, producer of fantasy pictures, was recently the guest of honor at a dinner in San Francisco, honoring him as the man who contributed the most toward science-fiction during the past year. The dinner was the highlight of the fourth annual national convention of science fiction editors, writers and fans. Pal was presented the "Invisible Man Award", a unique statuette that includes an elaborate pedestal suitably inscribed with two footprints on top indicating the presence of the "Invisible Man." The award is made once each year to the person, or persons, who have advanced the cause of science fiction the most. A distinguished service citation for entertaining the armed forces at home and abroad was presented to Bob Hope at the 25th annual conference of the Reserve Officers Association in Long Beach recently. Hope also was presented a war battered jeep bearing a plaque with the inscription, "In appreciation of many miles traveled in behalf of the members of the Armed Forces." Hope says as battle scarred as the jeep is its a better looking piece of tin than Jack Benny's Maxwell. I learn that veteran comic William Frawley is not only a baseball fan but owns a part of the Hollywood Stars in the Pacific Coast League. Fritz Feld plays a head waiter for the 23rd time in his newest picture. Fritz says: "I've served lots of rools in lots of roles." Cute, isn't it? See you at the movies—Mal.

The Florida Citrus Mutual recently moved into its own new building in Lakeland.

Seek To Have Flood Contract Funds Put Back In Budget

WASHINGTON — A Florida group headed by Senator Holland has asked a Senate sub-committee to restore \$5,261,343 which the House cut from flood control and navigation appropriations for the state. Holland told the committee Florida's six projects are all vital to national defense but the state is willing to accept any across-the-board reduction voted by Congress. He said the House, however, cut Florida's projects 27.5 percent while the overall reduction for all projects in the Army civil functions bill was only 19 percent. One project, the Jim Woodruff Dam, is actually a tri-state project affecting Georgia and Alabama as well as Florida, Holland said.

Holland, and other Floridians, asked the Senate group to restore, \$1,305,500 lopped off the \$2,000,000 Jacksonville harbor project; \$200,000 cut from the \$2,350,000 inter-coastal waterway project; \$700,000 removed from the \$7,000,000 Jim Woodruff Dam project; \$1,500,000 taken from the \$6,500,000 Central and Southern Florida flood control project and \$1,316,000 which the House eliminated for the Canal Harbor navigation project at Cape Canaveral. Rep. Bennett said \$2,000,000 asked for deepening the Jacksonville harbor was urged by the Defense Department and the project was considered of great importance by the Navy.

KENAF IN FLORIDA CAN REPLACE JUTE

Dr. R. V. Allison of the Belle Glade experiment station, who is said to know more about the fiber, kenaf, than anyone else in this country, has written a valuable article on the plant for August Florida Grower Magazine. This is supplemented by another article having to do with Edward G. Henriquez's work with the plant at Vero Beach and vicinity.

The fiber of the plant has excellent use in extensive tests. Jute is now hard to get from Pakistan and India. It grows in Cuba and was brought to this country by Mr. Henriquez who had it experimented with at Belle Glade, Fairchild Tropical Gardens and Fort Myers. At present the program is to stockpile seed so it may be grown in quantity in Florida and the southern tier of states. Seed can only be matured in a special zone between Martin and Dade counties on the East Coast.

The first two bales of the fiber grown by Mr. Henriquez have been made into bagging, carpet and linoleum base and string; and the Boston Navy Yard is testing the fiber against hemp for rope.

Vegetable Men Will Meet In Miami, Oct. 3

ORLANDO — If opinions and advice of the nation's experts can help Florida's farmer produce better and more profitable crops, growers attending the Florida Fruit and Vegetable Association's eight annual convention in the Sherry Frontenac Hotel at Miami Beach on October 3, 4 and 5 will top the market this coming season. LaMonte Graw, general manager of FFVA, today outlined the agenda of the forthcoming meeting and said that more than seven hundred growers and shippers from throughout the state are expected to attend for the mutual exchange of ideas and experiences, and to hear panels of authorities on subjects of vital importance to both growers and shippers.

Names of guest authorities to be invited were not released yet but it was stated that they will include high officials of both government and industry. It was emphasized that members themselves always contribute much in discussions.

There has never been an FFVA Convention when prepared speeches were the rule and this will be no exception. Open discussion between experts in specialized fields and members and guests are planned to bring out all sides of controversial

issues, for the mutual guidance of everyone. In no way is this intended to imply that discussions will not be fully informative, for there will be a carefully planned schedule to insure that all phases of production and marketing are covered," said Graw.

Will Make Effort To Sell Surplus Citrus

LAKELAND — The giant Atlantic and Pacific Tea Company will throw its weight behind a campaign to move Florida's tremendous canned citrus inventory. It was recently announced. The chain, with about 5500 retail outlets throughout the U. S., will assist in the Florida Citrus Commission's summer promotion campaign to break a canned stalemate and prevent a large carryover into next year's crop. It has been conservatively estimated that over 19 million cases of processed citrus will remain, at the present rate of consumption, when canning and concentrating plants go into production at the end of this year unless sales can be stimulated considerably during the summer months. Ralph Henry, the Commission's advertising director, quoted A. F. officials as saying the chain did not like to buy products on a "distressed market." They would rather pay a reasonable margin of profit to the producer on a stable market than capitalize on a "distressed" situation, he said.

Rev. and Mrs. C. J. Smyly and children left Tuesday morning on their vacation to be spent in Mississippi and Kentucky with friends and relatives. Rev. S. B. Jordan, former pastor at Canal Point Missionary Baptist church, will deliver the sermons on August 5th and 12th and James McCall will deliver the messages on the third Sunday.

H. G. Davidson announces that his dry cleaning place in Canal Point will be closed Saturday night for two weeks. Mr. and Mrs. Davidson plan to spend the two weeks vacation with friends and relatives in Georgia and other spots north of here.

Mr. and Mrs. T. W. Ennis returned to their home in Canal Point last week after spending 19 days on vacation in Georgia, North Carolina and South Carolina.

Dr. D. S. Spooner announces that his office will be closed on Monday for two weeks which he will spend on vacation.

Mrs. Elizabeth Miller has returned to her home in Clewiston after substituting as manager of Chandler's during the past couple of weeks while the Chandlers were on vacation.

Dr. and Mrs. W. C. Young and their children are at Bradenton

Beach for the month of August as has been their custom for many years.

Mr. and Mrs. Glen Abing of Pahokee left Wednesday for Lake Nottely, N. C., where they will spend several weeks before going on to New York, Virginia and Pennsylvania where they will visit friends and relatives. They plan to be away from Pahokee two months.

President Harold Rosenberg of the Pahokee Rotary Club appointed a committee from the club to have charge of dedication of the lake dock now under construction in Pahokee. The committee is as follows: B. Elliott, Paul Rardin, Abe Dobrow and John Pickett.

Mr. and Mrs. Loel Lence were honored guests at a going away party Monday night at the Missionary Baptist church in Canal Point. Mr. and Mrs. Lence have bought a home in Lake Worth and Mrs. Lence will teach there this coming term. Mr. Lence will spend part of his time in the Glades having built himself an apartment to the rear of their Canal Point home which has been rented. The Young Married Women and Young Single Women of Pahokee engaged in a softball game Monday night at Pahokee city park and the single girls won the game by a score of 28-14.

Mr. and Mrs. A. J. Spencer and children, Alice, Kathleen and Johnnie left Tuesday for a few days visit with his mother, Mrs. W. E. Spencer in Lake City.

Mr. and Mrs. O. R. Bleach will attend the wedding of Richard Salisbury Johnson and Miss Patsy Ann Seaton at the Holy Trinity Episcopal church in West Palm Beach Saturday, August 4th.

Mr. and Mrs. J. B. Elliott have returned to their home here after spending a week at Miami Beach where they visited their son-in-law and daughter, Mr. and Mrs. Clyde Doolittle and family who are spending the summer there. Mr. and Mrs. Elliott stayed with the Doolittle children while Mr. and Mrs. Doolittle took their small daughter, Anne, to Johns Hopkins Hospital in Baltimore, Md., for treatment.

Mrs. W. H. Brewton and grandson, Wayne have returned to their home here after visiting relatives in Douglas and Pembroke, Ga.

Mr. and Mrs. R. J. Schroder and son, Bobby accompanied by Mrs. George O. Schroder, left Saturday for Ft. Worth and Silverton, Texas where they will visit Mrs. M. P. Stone and Mr. and Mrs. C. O. Culpepper and family. Before returning to their home here they will visit in Colorado Springs, Colo., and Hot Springs Ark.

Mr. and Mrs. Paul Sasser and children have returned from a vacation at Lake Istapoga where they enjoyed fishing for two weeks.

Chief-of-Police Leon Guthrie, Mrs. Guthrie and their daughters have returned from a two week's vacation in Georgia.

Mr. and Mrs. George Johnson and children will return over the week end from Mississippi and Alabama where they visited relatives and friends.

Mr. and Mrs. Thadd Whidden have returned from Cape Sable where they took a cottage for several weeks. They report fishing very good there.

Million Postcards Ordered By Hialeah

HIALEAH—One million colored picture postcards—the largest single order ever placed by a Florida attraction—were ordered this week by Hialeah Race Course.

The famed oval, only track in the world maintained the year-round as a public park, gives the cards in sets of five to thousands of daily visitors. Long a popular feature with visitors, the cards not only go all over the United States but frequently reach such far-flung points as Alaska, Australia, England, etc.

Reason for the large order is the 73 percent increase in visitors so far this year over last year. An order for 750,000 of the cards was placed in March, but the average 9,000 cards being given out daily has rapidly dwindled that supply.

Plans Complete To Start Bible School

The Pahokee First Baptist church will conduct a vacation Bible school and youth retreat at the church August 20-26. The Bible school will offer classes for children from 4 to 12 years of age and the retreat for young people 13-22.

The Rev. Hoke H. Shirley, sr., will be the principal of the Bible school and Mrs. Shirley will be in charge of the youth retreat.

The theme of the retreat will be "Star Trails." Worship service, Bible study and discussion will make up the programs, which start at 7:30 and continue through 9:30 p. m. Hoke H. Shirley, jr., will conduct the Bible study and Mrs. Shirley will direct the youth chorus which will furnish music for the week's services.

On Monday evening, August 20th, the theme will be "Big Star Trails." Raymond Caruthers will lead the discussion. Tuesday evening discussion will center around the theme, "Shadows We Cast", with Mrs. Don Weeks of Belle Glade in charge. On Wednesday evening there will be a sound movie, "Beyond Our Own", with all church members being invited to attend.

"Star Trails In The Social World", will be the topic for discussion on Thursday evening with the Rev. Wade Griffin of Belle Glade the leader. The retreat will close on Friday evening with the topic "Star Dust." The Rev. Hoke H. Shirley, sr. will lead the discussion.

Sunday there will be a commencement exercise for both the school and the retreat with the Youth Chorus furnishing the music.

16,689 Carloads Of Vegetables Shipped During Past Season

WEST PALM BEACH—Official figures, recently released by M. U. Mounts, Palm Beach County Agent, show that during the 1950-51 season in the Glades a total of 10,544 carloads of perishables were shipped by rail from Glades stations: Maytown through Lake Harbor—and 6,145 carloads were shipped by truck, bringing the total to 16,689 carloads.

Of the total shipped by rail, the Florida East Coast Railroad handled 9,242 cars while the Atlantic Coast Line Railroad handled 1,302, the record shows.

Despite the series of cold snaps that hit the Glades area last season, these figures show a heavy increase over total shipments for the previous season.

Mr. Mounts said the amazing growth of the cattle industry in Palm Beach County had given rise to a feeling that the vegetable industry is being sacrificed to give way to the raising of cattle.

This, he pointed out, is not true; both industries are prospering.

Flood control in the area has been primarily responsible for the amazing growth of both the cattle and vegetable industries.

Nature's Wonderful CHLOROPHYLL

Heals and helps build skin tissue.

Only **CHLORO-SAL** contains a formulation of **CHLOROPHYLL**, together with ingredients specially designed to eliminate fungus and other skin infections.

CHLORO-SAL is on sale at your local drug store, and is a guaranteed product. Listen to Station WSWN at 7:30 each morning and hear more about **CHLORO-SAL**, the new wonder remedy for skin troubles.

FAVORS RABBIT LAB AT BELLE GLADE

Florida's agricultural commissioner, the Hon. Nathan Mayo, told the State Rabbit Breeders session at Belle Glade recently that he favors a rabbit experimental laboratory as part of the University of Florida experiment station at Belle Glade. Mr. Mayo first became interested in rabbit culture when a committee of breeders visited him and explained their idea of the necessity and value of such a laboratory to the growing trade which is more interested in

raising meat as food than in shows of the animal for ribbons and prizes. Mr. Mayo's visit to the meeting and show at Belle Glade is described and illustrated in August Florida Grower Magazine.

Over a thousand magazines have used pictures of Cypress Gardens on their covers.

The Florida Bankers Association has taken the lead in the development of a sound conservation program for Florida.

Christian Science Group Of Canal Point

An understanding of God as infinite Love, bringing protection and healing, will be explained at Christian Science services next Sunday, when the subject of the Lesson-Sermon is "LOVE".

The Golden Text is from Jude (1: 21): "Keep yourselves in the love of God, looking for the mercy of our Lord Jesus Christ unto eternal life."

Bible passages include the following affirmation made by Paul in his second letter to Timothy: "For God hath not given us the

spirit of fear; but of power, and of love, and of a sound mind" (II Tim. 1: 7).

Correlative citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following: "Disease is always induced by a false sense mentally entertained, not destroyed" (p. 411).

"The great fact that God lovingly governs all, never punishing aught but sin, is your standpoint from which to advance and destroy the human fear of sickness" (p. 412).

Pahokee Baptists VBS Starts Aug. 20

Following last year's plan the First Baptist Church of Pahokee will conduct a Vacation Bible School (ages 4-12) and Youth Retreat (ages 13-22) morning and evening respectively from August 20-26. The VBS will be held from 9:30 to 11:30 each morning; the Youth Retreat from 7:30 to 9:30 each evening.

Using as its theme for the week "Star Trails" the Youth Retreat will have discussion groups on the following topics:

Monday, August 20th, "Beginning the Star Trails", Raymond Caruthers, Jr.

Tuesday, Aug. 21st, "Shadows We Cast", Mrs. Don Weeks.

Wednesday, Aug. 22nd, "Beyond Our Own", Sound Movie.

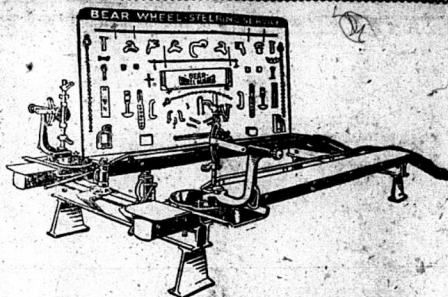

Thursday, Aug. 23rd, "Star Trails in the Social World", Rev. Wade Griffin.

Friday, Aug. 24th "Star Dust". Rev. Hoke H. Shirley, Sr.

Bible study will be led by Hoke Shirley, Jr.

Song Leader—Millard Stanley. Pianist—Margaret Powell.

Youth Retreat, V. B. S. and the whole church will enjoy the thrilling sound movie, "Beyond Our Own."

A commencement will be held Sunday night August 26th, "The Youth Retreat Chorus" furnishing the special music.

Mrs. Hoke Shirley is directing the Youth Retreat.

C OF C TO MEET

The Pahokee Chamber of Commerce will conduct its monthly meeting at the City Hall on Monday, August 6th, at 8 p. m. Manning I. Keen, president, will preside at the business session.

The largest fish to be found in captivity anywhere are at Marine-land, Florida.

The largest sugar mill in the world is operated by the U. S. Sugar Corporation at Clewiston, Florida.

Over 4,000 live alligators are on display at the St. Augustine Alligator Farm, largest in the world.

Silver Springs is the best advertised attraction in America.

The Florida State Fair, held each year at Tampa, is a cooperative non-profit enterprise.

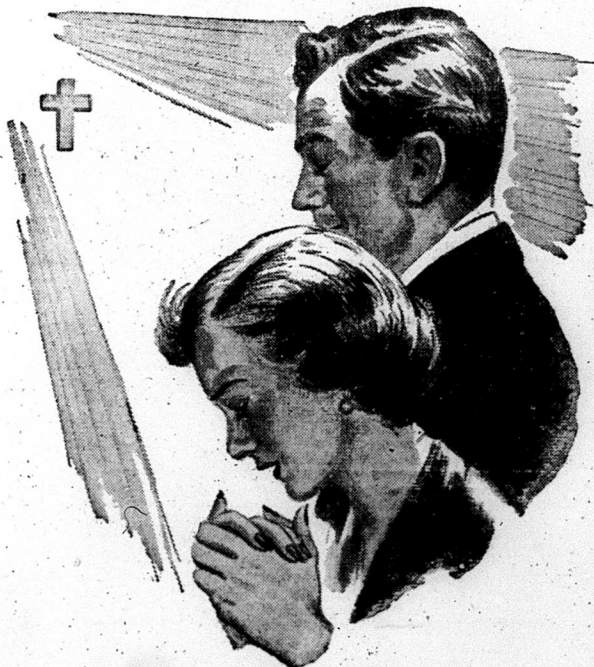

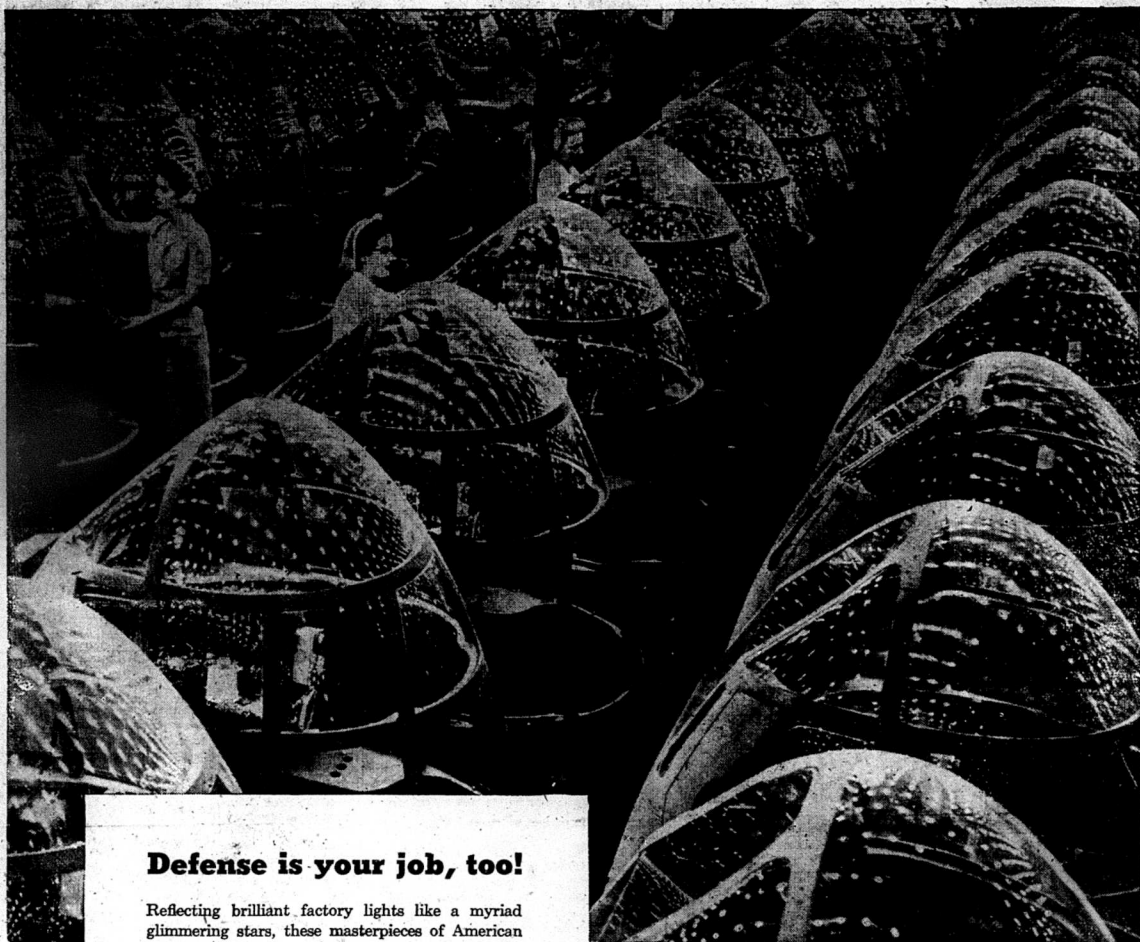

Come to Church

The churches of the Everglades extend a warm welcome to every person to attend church on Sunday. You'll get a deep satisfaction out of attending the church of your choice. You'll personally enjoy the wonderful messages of faith which are in store for you during this good year ahead. Today, make a resolution that one hour out of the week's 168 will be devoted to church services. Can you do less? Watch the columns of The Everglades News for church announcements weekly. The Lake Region is blessed with a group of fine churches. Your attendance will make the work of these churches more successful.

Churches Of The Glades

Defense is your job, too!

Reflecting brilliant factory lights like a myriad glimmering stars, these masterpieces of American industrial design are in reality plastic plane noses awaiting inspection. They will play an important part in America's preparedness program; they are the tools of the U. S. Air Force in its job of defending you.

Defense is your job, too. And one of the best ways you can carry out your part is by making your family and your country economically strong. Buy United States Defense* Bonds *now* and buy them *regularly*. Go to the pay office where you work and sign up for the Payroll Savings Plan, or join the Bond-A-Month Plan where you bank. Do it *today!*

★ ★ ★

**The U. S. Defense Bonds you buy give
you personal financial independence**

Remember that when you're buying Defense Bonds you're building a personal reserve of cash savings. Money that will some day buy you a house, or educate your children, or support you when you retire. Remember, too, that if you don't save *regularly*, you don't save at all.

So go to your company's pay office—*now*—and sign up for regular Defense Bond purchases through the Payroll Savings Plan. In this plan, you may save as little as \$1.25—or as much as you want—each week. If you can save just \$7.50 weekly, in ten years you'll have bonds worth \$4,329.02 cash! You'll be helping protect America—and helping your dreams come true.

*** U. S. SAVINGS BONDS
ARE DEFENSE BONDS
BUY THEM REGULARLY!**

One hundred acres of Little Kraemer Island will be planted to vegetable crops next winter, J. W. Ives said Sunday when he came to Canal Point to see C. E. Smith, manager of the Kilgore Seed Company, and arrange the Little Kraemer dike.

Lewis E. Byrd, once a boatman on Lake Okeechobee, is now a traffic lieutenant on the West Palm Beach police force. He is spending his furlough in Okeechobee and St. Augustine.

Horace Dann, who was on the boat Osceola with Captain Clay Johnson for a long time, is now working in Okeechobee with the refrigeration department of the Southern Utilities Company. Horace likes the job at Okeechobee because it gives him time for some studies he is interested in.

Contract for spreading rock on the grade of the Canal Point-Bacom Point road has been sublet by Bryan & Holloway to Frank Brown of Boca Raton and Mr. Brown has further sublet the job to H. J. McNeil of Delray, who says he expects to be at work within two weeks.

Charlie Arrant, boss of the toll-house crews on Connors Highway remarked one Sunday that Grapes in W. H. Connors vineyards at Okeechobee were ready for shipment, so I (Howard Sharp) introduced him to Professor H. L.

Speer, who got interested enough to say he'd visit the vineyard and take me along.

The regular semi-monthly meeting of the Women's Civic Club was held Tuesday at the home of Mrs. G. H. Tucker. The annual election of officers was held, Mrs. Paul C. Filly was elected president, Mrs. C. R. Baker was reelected vice president, Mrs. G. H. Tucker, treasurer, Mrs. Grady Raborn, secretary, Mrs. C. G. Coburn, auditor, Mrs. Ruth Wible press correspondent.

Mrs. L. W. Thompson and children have gone to Swainsboro, Ga. for a vacation.

Mr. and Mrs. J. A. Hughes have returned from their vacation.

The Hull brothers have returned from their stay at Plant City.

E. G. Kilpatrick and (Mac) C. M. Todd went to West Palm Beach yesterday afternoon to see Assistant Engineer Glenn V. Scott about location of dredges doing dike repair work.

Rev. Tiffin was home over Sunday. He says the roads between Okeechobee and Moore Haven are passable at all points.

Avocados were on sale in Canal Point Saturday. They were from Bob Schroder's trees and had blown off during the hurricane.

Mr. and Mrs. Charles R. Baker visited Sunday in Moore Haven, their old home.

Rev. Shumate, district superintendent was a visitor to Canal Point the first of the week, calling on Rev. Filly, pastor of the Canal Point M. E. Church.

Writing from Bethlehem, Pa., under date of July 27, Walter S. Lowe says: "Expect to see you within the next 30 days," which indicates he and Mrs. Lowe will soon be starting on their return trip to Canal Point.

Miss Sallie Todd, who is employed in the office of her uncle, Gay Singleton, at Fort Lauderdale, came out Sunday with the Salter and Curley families of that place and all of them had dinner with Mr. and Mrs. W. G. Todd.

O'Neil Williams and his brother-in-law Mr. Roberts, were in Canal Point Sunday. They are working for Contractor McVay Lindsay.

From the Everglades Experiment Station we note that Mr. and Mrs. G. E. Tedder left Saturday for month's motor trip through some of the northern states, that Mr. and Mrs. C. J. Young of Fort Pierce visited their daughter Mrs. G. E. Tedder, last week and that B. L. May visited Gainesville last week.

Stafford Beach came out Saturday from West Palm Beach, bringing a lady who wanted to go to Kraemer Island. He is a son of John B. Beach, who owns the nursery on the island.

G. J. Barstow and young son were over Saturday from South Bay, coming in his boat. He had business here.

Mrs. C. C. Gantt and children have returned from a visit to her parents in Columbia, S. C. Mr. and Mrs. Glenn Williams have returned from West Virginia. J. E. Lee has returned from Portland, Ind. R. C. Vorhees and family have returned from Indiana.

T. A. Brown of DeLand, farm demonstration agent of Volusia county, has returned home after a two weeks stay on the east coast and in the Everglades where he inspected plantings of gladioli and other bulbs and gave out information to all persons who showed interest.

Airport At Miami Given Serious Study

MIAMI—Quick action to avert a "head-on collision" of military and civilian activities at Miami International Airport was urged recently by a spokesman for the armed services. Capt. E. J. Langan, Navy representative on the airport us panel, warned of the impending collision at the end of a two-day hearing on the future of the big field.

"Let's be realistic about it," Langan said. "Congress has directed the Air Force to go where it is cheapest, and it is cheapest to go where it recaptures right to facilities such as those at Miami International Airport."

Solutions suggested by witnesses included removal of all military flying from Miami to the big

Homestead Air Base and construction of a second major field in Miami. O. J. Studeman, operations manager for the Pan American Airways Latin American division said the company's overhaul base here, the world's largest, was essential to the operation of its \$150,000,000 world-wide plane fleet. Officials of Eastern, National and Delta Air Lines also urged that the field be preserved for commercial use. Pan-American and Eastern spokesmen said military demands on the airport would force postponement of \$10,000,000 worth of improvements.

Births

Mr. and Mrs. W. D. Howard of Pahokee are the parents of a son born Monday, July 30, at a West Palm Beach hospital.
